

JOB DESCRIPTION

FIELD PERSONNEL

Residential and Commercial Technician

Major Areas of Responsibility

- Controlling pests on-site in a variety of accounts.
- Physically inspecting a variety of residential structures to determine the presence of pests; calculating the severity of infestations and the degree of structural damage.
- Interfacing directly with homeowners, home buyers, their agents and facility managers regarding the work to be accomplished.
- Creating diagrams and graphs indicating the type, degree, and location of infestations.
- Performing creative sales solicitations and providing estimates.
- Coordinating activities with your supervisor or other members of leadership.
- Receiving and properly accounting for company funds collected during business activities.
- Submitting all paperwork and collections daily.
- Performing other administrative tasks at the supervisor's direction, including ordering equipment and supplies, compiling and submitting a variety of reports, and calling customers regarding client callbacks and stopped service.
- Maintain company issued equipment and vehicle in a clean and safe condition at all times.
- Ensures company procedures, state / provincial laws are followed to ensure the safety of themselves, our customers and the public.
- Other duties as assigned.

Job Requirements

- You must hold and maintain a valid driver's license. (Preemployment and ongoing motor vehicle record checks will be performed to determine eligibility to drive a company vehicle.)

Education and Specifications

- High school diploma or general education degree (GED) is required.
- You must obtain the necessary license or certification for the areas of operation.

Physical Demands

- While performing the duties of this job, the employee is frequently required to stand, walk, and sit. The employee is occasionally required to reach with hands and arms; climb or balance and stoop, kneel, crouch, or crawl. The employee must occasionally lift and/or move up to 50 pounds chest high. Specific vision abilities required by this job include close vision, distance vision, peripheral vision and depth perception. Must be capable of wearing a respirator.

Work Environment

- You will work outdoors in all types of weather. Use and maintain safety equipment including bump caps, gloves, goggles, respirators, eye washers, first aid kits and spill abatement equipment. During a normal workday you may inspect, crawl and work in sub-areas, basements and attics of structures and work with EPA approved pesticides and other materials commonly found in and around structures.
- Operate company vehicles, power sprayers, foggers, dusters, drills, vacuums and a variety of common hand and power tools and other equipment. Perform minor repairs on tools and related equipment as needed and must keep vehicle and equipment in a clean and safe working condition.
- During a normal workday, you may work with or around EPA approved pesticides, and other materials commonly found in and around structures.
- You may be asked to work evenings, nights, weekends and the occasional holiday.

I _____ agree that I am willing and capable of performing at a minimum the above listed requirements and and duties.
